25X1X

Most of the landing field of the airfield east of Gardelegen (M 53/Y 44) was plowed. The remaining part was being used by the Soviet Army as a training ground. A Soviet artillery unit was quartered in the intact barracks buildings at the field.

25X1A

The information on the status of the airfield and the occupation of the barracks buildings by a Soviet artillery unit was confirmed by several sources. An air force unit is not carried in Gardelegen.
